## **DETAILED ACTION**

### ***Election/Restrictions***

Claims 2, 3, and 7-10 are allowable. The restriction requirement between species, as set forth in the Office action mailed on 08/30/2005, has been reconsidered in view of the allowability of claims to the elected invention pursuant to MPEP § 821.04(a). **The restriction requirement is hereby withdrawn as to any claim that requires all the limitations of an allowable claim.** Claims 4 and 5, directed to an alternate species are no longer withdrawn from consideration because the claim(s) requires all the limitations of an allowable claim.

In view of the above noted withdrawal of the restriction requirement, applicant is advised that if any claim presented in a continuation or divisional application is anticipated by, or includes all the limitations of, a claim that is allowable in the present application, such claim may be subject to provisional statutory and/or nonstatutory double patenting rejections over the claims of the instant application.

Once a restriction requirement is withdrawn, the provisions of 35 U.S.C. 121 are no longer applicable. See *In re Ziegler*, 443 F.2d 1211, 1215, 170 USPQ 129, 131-32 (CCPA 1971). See also MPEP § 804.01.

### ***Response to Amendment***

The Examiner acknowledges the amending of claims 2-7, and the cancellation of claims 1 and 11-29.

### ***Allowable Subject Matter***

Claims 2-10 are allowed.

Art Unit: 2828

The following is an examiner's statement of reasons for allowance:

Claim 2 is allowable as the prior art has failed to teach or suggest the combination of the lens setting elements and the heat sinking/mounting components. The prior art previously cited was found to teach a similar lens setting technique, and a similar mounting/heat sinking set-up in separate references. Motivation was not found to exist to combine the multiple references to obtain the specific lens setting and device mounting limitations.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
